Arthur K. McGinley, of Springfield, Mass., Dies Suddenly in Washington After Attending Funeral Here—

Arthur E. McGinley, of Springfield, Mass., died in Washington suddenly last week. Apparently in good health he was in Gettysburg on Monday, May 10, arranging for the interment of the ashes of his mother, Mrs. Eliza McGinley, wife of the late William McGinley, formerly of Adams county. Mrs. McGinley had died in San Diego, California, last fall and the body was cremated and ashes were shipped here to await the arrival of her son Arthur K. McGinley, who held a position in Springfield, Mass., and had been unable to come here until last week. After the interment of the ashes of his mother in the Evergreen Cemetery, Mr. and Mrs. McGinley visited relatives in county, Albert Culbertson and Mrs. James W. Moore, and then left for Washington, D. C. Mr. McGinley became ill and died while in Washington, and his body was cremated and ashes brought to Gettysburg and on Sunday, six days after the interment of the ashes of his mother, the ashes of the son were interred in the Evergreen Cemetery.

Himes, a leading citizen of that place for years and a director for many years of the Gettysburg National Bank. After getting his education in New Oxford, Harry Himes took up medical study in New York City and later a course at Cornell University. Returning to Adams county he taught music at New Oxford, York Springs and Gettysburg and has lived here for the past quarter of a century. Mr. Himes delighted in antiques and curios and became a collector of antique furniture, grandfather's clocks, China and Indian relics, and has owned during his life some of the most valuable antiques the county has had. His home was always a place of entertainment, specially to young people, and visited by hundreds of town boys, college boys and in 1917 and 1918 soldier boys, and Prof. Himes was always glad to entertain the young people with his collections, victrolas, and player piano. ## LIGHT PRIMARY VOTE

### THE GOOD ROADS BOND ISSUE IS DEFEATED.

Less Than Fifty Per Cent of the Voters Did Not Show Up at the Primary.

Less than fifty per cent, to be more accurate, about forty per cent of the citizenship of the adult male population of the county, showed up at the primary on last Tuesday, the big end of the voters, the sixty per cent, did not care shucks about a primary at which presidential preferences were possible, at which the important question of building good roads was presented for determination and at which many important questions indirectly affecting the people were under consideration. One of the great problems of this country is how to interest the people to the discharge of their political duties and this before some tyranny of a small minority shall have made the country suffer for the neglect and apathy about political rights.

The one accomplishment of the minority of both parties was to register a protest against the extremes put in the Volstead Act. Travel where you may in the county one finds little sentiment in favor of the existence of the saloon, but everywhere in the county is found expressions of the rigidity of the Volstead Act which would subject every one to inspections in the matter of cider, fruit juices, etc. There was a manifest protest at the primary against any such rigid execution of the Volstead Act.

Dr. Eugene Elgin, of East Berlin, defeated Hon. C. Arthur Grist for the Republican nomination for the Assembly by 986 to 718.

## Auto Half-fee August 1.

Pennsylvania motorists who are waiting for July 1 to take advantage of the half-fee for the registration of motor vehicles have been advised by the State Highway Department that the half-fee period does not commence until August 1.

Heretofore it has been the custom and practice on the part of many owners of motor vehicles to withhold making application for registration of their passenger cars or trucks until on or after July 1, at which time the fee formerly was half of the regular fee. Under Section 9, of the Act approved June 30, 1919, the half-fee period does not commence until August 1.

## Gigantic Blast.

The largest blast ever set off at the quarries of the Bethlehem Mines Corporation at Bittinger's Station on the Carlisle pike, was made this week. Between 8 and 10 tons of powder was used in the 36 holes drilled along the side of the big quarry close to the pike. The holes were 60 feet deep and 4 inches in diameter, and were filled to one-third their depth. The explosion displaced 75,000 tons of stone. For the size of the blast the noise was not as great as one would think, it being muffled. When the explosion occurred the side of the quarry was pushed out and toppled over into the huge excavation.

## APPEAL TO COMMISSIONERS.

To Co-operate in Campaign to Prevent Forest Fires.

The Commissioners of Adams county have been asked to co-operate with the Pennsylvania Department of Forestry in the campaign to extinguish forest fires in this locality. Gifford Pinchot, the Chief State Forester, requested the Commissioner to take immediate steps to assist the foresters and local forest fire wardens in obtaining help to fight the flames.

Declaring that many of the forest fires this spring have been set by incendiaries, Forester Pinchot asked the Commissioners to have the county police authorities punish the criminals.

Forester Pinchot's letter to the Commissioners follows:

Dangerous and damaging forest fires are burning in many parts of the State and these fires are due in part to the dry, windy weather, which makes them exceedingly difficult to handle, in part to carelessness and in part to criminals who deliberately set the woods on fire. A number of the latter have been arrested and are now in jail.

At least one Pennsylvania town has narrowly escaped destruction from forest fires in the last few days.

The maintenance of the productive powers of the soil within your county should be of intense interest to every County Commissioner. To reclaim thousands of acres of barren land from a scorched wilderness to a productive condition without doubt appeals to you strongly. The people of your county are interested in the protection of forests from fire, and specially in the punishment of the criminal who purposely sets a forest fire and in awakening those careless individuals who have no regard for the rights of others.

When fires occur, it is often difficult for our Foresters and Wardens to obtain sufficient help to extinguish the flames. Is it not possible for your board to take active steps immediately to help in this most important work in two ways.

First, by co-operating with the Forester and local forest fire wardens in obtaining help to extinguish fires, and

Second, by putting it up to the county detective, sheriff, district attorney and constables to see to it that the criminals are punished for interfering with the welfare of your community.

I assure you that I shall deeply appreciate all the help you can give us, and that the men of the Department will be more than glad to do everything they can to co-operate with you in any work along this line which you may undertake. Sincerely yours, Gifford Pinchot, Commissioner of Forestry.

## Accidents in County in 1919.

Statistics of accidents suffered by the industrial workers of Adams county during 1919 have been announced by Clifford B. Connelley, Commissioner of the Pennsylvania Department of Labor and Industry. The figures were compiled by the Bureau of Workmen's Compensation. The report showed that 115 workers were injured last year, as compared with 92 in 1918.

Of the total number, one was fatal, 32 were reported as serious and 62 were of a minor nature. In mills, factories and general industrial work 108 workers were injured; in mines and quarries no workers were injured, and in public service employment 7 workers were injured.

The total industrial casualty record for the entire State in 1919 indicates that 152,551 workers were injured, of which 2,569 resulted fatally. There were 32,300 fewer industrial accidents in Pennsylvania last year than in 1918.

## Clean Up Poison Soaked Kidneys Advises Dr. Carey

Thousands Die Every Year Because  
They Allow Poisonous Deposits  
to Accumulate in Kidneys.

Don't flush your kidneys with harsh  
makeshifts says Dr. Carey, they are  
too frail and delicately constructed  
to treat them rough.

For 40 years I have been prescrib-  
ing Marshroot for kidney and blad-  
der sickness and now that I have re-  
tired from active practice I have  
made arrangements with leading  
druggists to dispense this wonderful  
prescription at a moderate price.

Beware of kidney disease—thous-  
ands die of it every year who ought  
to be enjoying the blessings of life  
and health.

If you have specks floating before  
the eyes, puffs under eyes, clammy  
feet or moist palms, backache or  
sideache you ought to get a bottle of  
Dr. Carey's Marshroot right away.

It has conquered thousands of  
cases of kidney and bladder diseases  
and is the medicine you can always  
depend upon.

IMPORTANT—Dr. Daniel G. Carey  
has been a practicing physician  
for many years and his great pre-  
scription, "Marshroot," has cured  
thousands of sufferers from kidney  
and bladder troubles. It is not a  
patent medicine and is only sold  
through drug stores in order to ac-  
commodate his patients. People's

## A GETTYSBURG INTERVIEW.

Mrs. Gilbert Tells Her Experi-  
ence.

The following brief account of an  
interview with a Gettysburg woman  
six years ago, and its sequel will be  
read with keen interest by every citi-  
zen.

Mrs. Mary A. Gilbert, 128 W. Mid-  
dle St., says: "My health was in a bad  
condition for some time, caused by  
disordered kidneys. I wasn't able to  
sleep much and what rest I did get  
didn't seem to refresh me. My back  
and head ached and frequently I'd  
get dizzy spells and chills. When I  
caught cold, these symptoms became  
worse. One of the family advised me  
to get Doan's Kidney Pills and I  
bought a supply at the People's Drug  
Store. Doan's certainly do just as  
advertised, for they gave me prompt  
relief in every way and I gladly en-  
dorse them."

## OVER SIX YEARS LATER.

Mrs. Gilbert added: "My opinion  
of Doan's Kidney Pills hasn't chang-  
ed, and I can recommend them as  
highly as ever. Doan's never fail to  
give the desired results, so I gladly  
back up my former statements."

## Great Discount SALE

Entire Stock of Merchandise  
Under Our Own Previous Prices

Ten & Twenty per cent Discount Sale  
For Cash

Continuing until closing hour, Saturday, May 22nd

There is a concerted movement of Price  
Reductions by the progressive merchants of  
the country to retard the still higher prices in  
the primary markets, in which we gladly join  
if in this way we can help bring about this re-  
sult.

Much of this great stock of ours was  
contracted for to save price advances—that  
have since taken place—and marked at our re-  
gular profits on the lower cost. Nothing has  
been marked up for this sale, but the discount  
deductions apply to goods that had for any  
reason been previously marked down. We  
believe that our community will avail them-  
selves of this opportunity to get goods under  
price and help in this way to show that there  
is a peak of prices that will not be crossed.

We have never shown a more complete  
stock—nor have net profits been less on sales  
for several years than now.

Remember that the entire stock, except a  
few items upon which there are price restric-  
tions, come under either the 10 or 20 per  
cent. deduction. The sale slip will be made  
at our regular prices—and the discount de-  
ducted showing exactly the amount saved.

The only restrictions are:

No goods returnable after period of sale

All purchases must be cash

All phone or mail orders must be paid  
during period of sale

The prices for this sale are not a RE-  
DUCTION SALE—but a TEN & TWEN-  
TY PER CENT DISCOUNT on our pre-  
sent prices whether regular or previously  
marked down, and the goods remaining after  
the sale date will continue at our former regu-  
lar prices.
